We have a limited amount of core funded sessions to offer (core funded module 1) of course each module we depend on whether your child attends term time or all year round. For children that are entitled to 15 hours per week, it is likely that we would use 14 hours per week throughout term, leaving us with 1 hour leftover per week to claim and use back throughout the following term. For example, there is 12 funded weeks in the summer term which would be that the 1 hours per week would accumulate up to 12 hours owed (floating) to which could be used over the following term period subject to availability.
